

Introduction to Color, Advanced and Creative Coloring Course:

Course description:

This fundamental course is intended for the color shy stylist and allows one to explore an amazing world of hair colouring, building his confidence brick by brick. This course will consist of lectures, demonstrations and practical in-salon sessions. This course will enable the student to expand their knowledge of hair colouring and color techniques while teaching how to sell color to their clientele.

This course will cover the proper use of the color wheel, fundamental basics such as undertones, too warm or too ash results, formulating, hair analysis, common mistakes and colour correction, and in-depth look and understanding of the products that are used. We will demonstrate how to explore the creative sides of color in order to impress your clients with trend setting color applications.

This course will cover techniques on effective client consultations, dimensional coloring, foil highlights, balayage, and the application of the latest trends in color. You will finish the course confident and inspired to add creative and commercial colour to your everyday repertoire.

Objectives

- Predict the results of any highlight formula
- Create your own customized formulas
