## Updo Course:

### Course description:

Clients who have special events to attend, from weddings and proms to holiday parties and black-tie affairs, almost always opt for the updo. No stylist can afford to be without skills in this lucrative discipline. In this styling course, you'll learn the techniques for creating looks from classic chignons to the newer, slightly unfinished up styles. The course begins with an overview of the design principles behind updo styling and includes the details on quick techniques, then provides detailed lessons for creating classic styles, and demonstrates the steps for achieving contemporary updos.

### Part 1

Part 1 details the design principles that must be mastered and applied to create pleasing, artistic updos. It includes detailed information on using padded forms and lessons in quick updo styling. You'll learn how to create a padded bun, a stacked variation and stunning asymmetrical rolls.

### Part 2

Part 2 explores ways to create the classic updos that brides and formal-occasion clients want most, and includes detailed steps. You'll learn the techniques for creating a strong French twist, face-framing loops and clipped curls. An in-depth lesson demonstrates how to achieve the perfect chignon with elaborate twists, turns and criss-crossings.

### Part 3

Part 3 wraps up the course with a look at contemporary techniques which use select pieces to show a calculated interest in new textures. You'll follow step-by-step lessons for creating a back braid with coiled crown lengths, a casually looped up style and a youthful look with progressive knots.

### Objectives:

- Name and explain the main principles of design.
- Create several updos based on a ponytail.
- Use padded hair forms to create updos.
- Design detailed rolls and chignons.
- Work with individual sections of hair to add detail to your designs.
